

# THE NEXT GENERATION OF SELF-FRUITFUL ALMONDS™

The **Burchell Nursery** has been at the forefront of almond introductions since 1942. Burchell Nursery consistently delivers beyond our customers' expectations having **introduced the top 4 out of 6 almond varieties** that are responsible for generating 30% of the almond industry's annual revenue.

We work the science to create tree varieties and develop orchard practices that are more economically and environmentally sustainable. It's just our nature.

## A HEALTHY PARTNERSHIP WITH THE BURCHELL NURSERY

We've always been more about quality than quantity since we consider every tree from the Burchell Nursery to be a living promise.

**Our mission is to grow trees of the highest quality, sell trees with the highest integrity, and represent them honestly.**

The Burchell team of proven professionals is ready to help you with all your nut tree needs, be it our **Healthy Start™** bareroot trees or our **Ready Start®** container grown trees.

**Contact our office, call 800-828-TREE or visit [burchellnursery.com](http://burchellnursery.com) now for the best selection of almond trees to help grow your profits.**

THE BEST TREES, PRODUCE THE BEST RESULTS  
*Naturally*

# YOUR SUCCESS IS OUR FIRST PRIORITY

Because your challenges and orchard requirements may be different than that of your neighbor, we offer 24 almond varieties available a wide range of rootstocks to choose from.

Our **Healthy Start™** bareroot trees are perfect for traditional planting or you can opt for our **Ready Start®** potted trees to give you greater flexibility.

We are the nursery where most of the industry standard varieties originated. Varieties such as:

- 🌿 Carmel
- 🌿 Monterey
- 🌿 Avalon
- 🌿 Wood Colony
- 🌿 Supareil
- 🌿 Fritz

# AN EXCLUSIVE VARIETY FROM THE BURCHELL NURSERY SUMMIT ALMOND SERIES™

Early, heavy production with **ONE SHAKE** and **ONE HARVEST**

Beautiful, light and smooth kernel like Monterey or Carmel

Size 20/22 almonds/oz. to 24/25 almonds/oz.

high crack out 60 – 65% with good in-shell use

Blanches well with a good, sweet flavor

Self-Fertile, requires fewer bees

Tree is medium size, vigorous, with a semi-upright to spreading habit

Blooms and harvests with or slightly ahead of Nonpareil

**MILLIONS SOLD**

*"Shasta<sup>®</sup> has incredible production! It is a well-sealed nut with low worm damage and I like the idea that it might not need as many bees and that it shakes easy."*

Seth Merrit from Pixley who farms SHASTA
